

Materials for Lab II: Twitter mining, visualiza...

Posted by ulf - 14 Jan 2013 14:49

Dear Lab II participant:

to prepare your participation in Lab II please do the following:

1. bring a laptop with WiFi capability and working web browser, we will be using iScience Maps at tweetminer.eu
2. read Reips, U.-D., & Garaizar, P. (2011). Mining Twitter: Microblogging as a source for psychological wisdom of the crowds. Behavior Research Methods, 43, 635-642. doi:10.3758/s13428-011-0116-6. Free copy available from personalwebpages.deusto.es/reips/pubs/pa...psGaraizar_final.pdf
3. optionally read Stieger, S., & Reips, U.-D. (2010). What are participants doing while filling in an online questionnaire: A paradata collection tool and an empirical study. Computers in Human Behavior, 26, 1488–1495. Free copy of corrected proof available from iscience.deusto.es/wp-content/uploads/20...rReips_corrproof.pdf
4. Think about a study you want to conduct with iScience Maps (see 2 above).

Looking forward to seeing you in Bergamo!

Ulf
